A Government Mandated Recession Proof Business!

OUR BUSINESS NEVER SLOWS DOWN!

- 1. Exhaust Hood Cleaning** is enforced by every Township fire inspector in the USA & Canada under **NFPA Code 96**, which mandates that all commercial kitchens need to have their exhaust hood system cleaned 1-12 times a year by a certified cleaning company.
- 2. Fire Extinguishers** are also government enforced and must be inspected and repaired by licensed and trained personnel, under **NFPA Code 10**.

- ✓ **Restaurants**
- ✓ **Schools**
- ✓ **Hospitals**
- ✓ **Hotels**

Best Kept Secret of the
Pressure Cleaning
Industry!

Protection Association**

The authority on fire, electrical, and building safety

About The Founder

Chris M. Daskalakis

The founder of our organization, Mr. Chris Daskalakis is a licensed fire inspector with over 20+ years worth of experience in this industry and has cleaned and inspected over 5,000 exhaust hood systems & fire extinguishers. Mr. Daskalakis is a Master Kitchen Exhaust Technician, Teacher, and Published Author & Editor of many industry related materials such as, "How to Get Bonded & Bid On Public Entity Jobs". Our team will do their best to see your business succeed.

We will provide you with the industry's best certification & training program with hands on training on how to operate your business. We currently have 2 complete kitchen exhaust hood systems in our training facility where our new members receive extensive training. We will provide you with an exclusive territory and ongoing support to help your business get off the ground quickly and successfully.

Sincerely,

Founder & CEO

Chris M. Daskalakis

Mr. Fire Safety franchisee Testimonials

Mr. Chris Strathy

Mr. Fire Safety Franchisee
Pitt County, NC
(5 Months after joining Mr. Fire Safety)

"Joining the Mr Fire Safety team has been a blessing to my life. Chris and his executive group at MFS headquarters have been reliable and professional from day one of my interest, through training, to personal and business development with MFS. They have truly been an extension of my office and have always been available. The training and guidance I have received from MFS has given me the knowledge to sell and provide unparalleled service and work with large chains and franchises. I am glad I joined the MFS team, I am thankful for the values, mission and vision that MFS exemplifies, and am proud to represent MFS in North Carolina."

Terry & Marsha Tracy

Mr. Fire Safety Franchisee
Benton, Sebastian County, AR

"Dear Chris & Pauline,
We wanted to take a few minutes to thank you for the time and effort you invested in your training class. The amount and content of information covered was exceptional and gave us an in-depth look and understanding of this industry that we believe will give us an advantage over others in this field. The material was presented in an easy to understand and very comprehensive fashion. William's input and knowledge was also a benefit to the class and much appreciated. This, along with your continued support, marketing plan and future vision has given us a much greater enthusiasm and confidence in our own success."

Steven Wiegard

Mr. Fire Safety Franchisee
Shelby County, TN
"The entire staff at Mr. Fire Safety is extremely knowledgeable and professional. I found that all of my expectations were met and exceeded. I truly feel that I now have the ability to create a business in my area that is not only needed, but also will allow me to sustain myself and my family. I cannot say enough about the quality of the good people involved with Mr. Fire Safety."

Mr. Jaime Caballero

Mr. Fire Safety Franchisee
Johnson & Wyandotte County,
KS
Jackson County, MO

"I am extremely happy that I made the decision to buy a Mr. Fire Safety Franchiseeship. Chris explained everything very well and it was easy for me to understand. The marketing techniques that Chris explained to us are very helpful and I feel confident that I can make my business grow applying them to real life situations. William, the assistant trainer also did a very good job at helping us understand the labor part of the training and the safety procedures that need to be followed."

Aggressive 6-Day Training & Certification Program

In our unit "C" warehouse training facility, we have 2 complete kitchen exhaust hood systems for extensive training.
